**Description of Vehicle Work:**

Vehicle's cabin has been modified by installation of front facing two position seats with integrated seat belts to rear cabin rows 2, 3, 4, 5 and 6 of right side and front facing single position seats with integrated seat belts to rows 3, 4, 5 and 6 of left side. A quick release base two position seat with integrated seat belts has been installed to row 5 of right side. Seat quantity and positions have been increased from 2 seats including driver to 17 seats including driver. Child seat anchors are incorporated within seat backs. The installation complies with dimensional requirements and does not pose adverse effects to the original structural integrity of the vehicle. Modifications are in accordance with applicable ADR's.
