

MULTICAM SR SERIES

- Heavy Duty Steel Gantry (250 x 150 x 5 RHS)
- Steel Gantry and Steel Column supports are all one fabricated piece for increased rigidity.
- X axis Linear Rails mounted horizontally on our specially designed section that is machined prior to bearing rails being mounted.
- “State of the Art” fully enclosed Auto-Tool Change carousel, travelling on the gantry, providing rapid tool change at any position along the X axis.
- Soft Touch Tool Tip Sensor which automatically measures each tool length and records this to the machines Flashram.
