BLANCO

Model Code

BIC95T

Description

90cm, 5 Zone Induction Cooktop, Touch Control, Bevelled Edges

Warranty

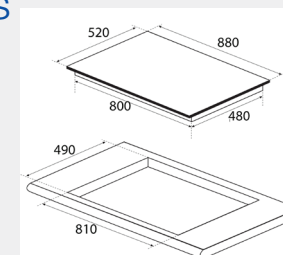

BLANCOCare™ 2 years parts & labour

Features

Benefits

Large 28cm Centre Zone	The large centre zone accommodates the use of extra big pots and pans up to 32cm.
Three Powerful 3700W Zones	Three powerful individual zones that are strong enough to cook even the most heat demanding dish.
13 Stage Temperature Settings	With 13 different settings including Boost, Super Boost, Melting 42°C and Keep Warm 70°C you can select the ideal cooking temperature for all types of foods to provide the perfect cooking results.
Additional Functions [F]	With the touch of the 'F' key, the preset Melting 42°C and Keep Warm 70°C, are activated. This allows perfect control at the relevant preset temperature. This can be set for all 5 zones independently.
Boost and Super Boost Functions	Convenient feature on all 5 zones where 'Boost' and 'Super Boost' can be selected to bring the zone to the maximum power level and will stay on maximum power for 10 minutes (unless deactivated) before dropping back to power level 9.
99 Minute Timer On All Zones	Each zone has its own 99 minute timer function - a convenient and easy way to program the cooking time on any cooking zone. When the timer ends a beep will sound to advise the cooking is finished and the zone will switch off.
Stop N Go Function	This function pauses the cooktop but maintains the current cooking level in its memory which can be resumed at any time. A convenient and unique function.

Specifications

Method Of Installation:	Benchtop
Dimensions:	880W x 520D mm
Cut-out Size:	810W x 490D mm
Induction Zones:	5 zones
Controls:	13 stage temperature settings including Boost, Super Boost, Melting and Keep Warm
Power Requirement:	7400 W
Connection:	Single Phase 220/240V - 31 amp - hard wiring required Double Phase 280/415V -18 amp - hard wiring required
Overflow Cut Off:	Yes
Auto Heat Up:	Yes
Residual Heat Indicators:	Yes
Recall Function:	Yes
Safety Lock:	Yes
Timers:	Yes 99 minute timers

	Element Ratings	Zone Diameters
Front Left:	1850/2300/3000W	22cm
Rear Left:	1850/2300/3000W	22cm
Middle:	2600/3300/3700W	28cm
Front Right:	2100/2600/3700W	25cm
Rear Right:	1850/2300/3000W	22cm

Note:

- Please refer to manual before installing for correct installation method.
