IS MY HONDA AFFECTED BY A SAFETY RECALL?

JHMRB18507C202639

2007 Odyssey Carbon Bronze

Search Date

25/05/2023 13:16 AEST

Recall Status

Your vehicle does not have any safety related issues.

Vehicle History

COMPLETED RECALL: PASSENGER'S AIRBAG INFLATOR RECALL

PRA Number 2016/15495

Information Current At 20/11/2020 00:31

Description

Passenger's Airbag Inflator recall

Original Summary

A potential concern may exist with the passenger's airbag inflator in the vehicle and a Product Safety Recall will be conducted.

Original Risk

In some vehicles, the passenger's front airbag inflator could produce excessive internal pressure upon deployment in the event of an accident. If this happens, metal fragments could possibly shoot out, straight through the airbag cushion material towards the vehicle occupants **causing serious injury or fatality**.

Original Remedy

The customer is requested to make an appointment with their Honda Dealer to have this recall actioned. The Dealer will replace the passenger front airbag inflator free of charge.

Honda Recall Code 6DA

Repair Date 16/11/2020

COMPLETED RECALL: ODYSSEY POWER STEERING BOLT RECALL

PRA Number Not available

Information Current At 02/07/2018 05:05

Description

Odyssey Power Steering Bolt Recall

Original Summary

A potential concern may exist with the power steering pump mounting bolts on the vehicle.

Original Risk

Under high speed driving conditions the power steering pump is subject to vibration which may apply excessive load to the power steering pump mounting bolts. There is a possibility the mounting bolts may fail, causing loss of power steering assistance and increased steering effort.

Original Remedy

The owner should make an appointment with their nearest Honda Dealer to have this recall performed. This involves fitment of corrected components, which will be completed free of charge.

Honda Recall Code 5PB

Repair Date 04/05/2007

IMPORTANT RECALL INFORMATION

The Registration Number / VIN checker on this page will tell you if your Honda is affected by a recall.

Details of the recall will be provided after the Registration / VIN check is completed.

Honda Australia will also write to you if your vehicle is affected by a safety recall, however Honda Australia will be unable to contact you if your contact details are not available to us. If your information has changed, you may also [update your contact details](#).
